

How to Use Your OneCard Gator Pass

SF STATE

OFFICE of
SUSTAINABILITY

What is my Gator Pass?

- Your Gator Pass is a transit pass that allows you to commute to campus (and anywhere else you like) on public transportation.
- As August 26th, 2024, your Gator Pass now provides unlimited rides on **all** Clipper transits - including Muni, BART, Caltrain, SamTrans, AC Transit, Golden Gate Transit, ferries, and more - during the fall and spring semesters.
- Gator Pass is funded by student fees, each student pays \$130/semester (decreased from \$180 in fall 2024).

Where is my Gator Pass?

It is located on your **OneCard**, which also acts as your student ID, university library card, and more.

Where can I use my Gator Pass?

You get unlimited rides at no cost on **all** Clipper public transits to any stop. Including:

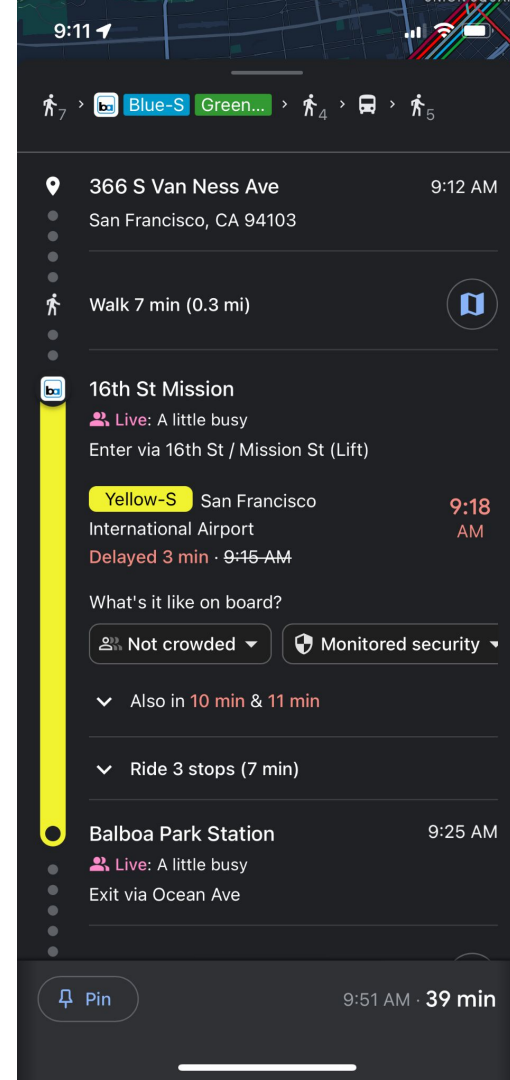

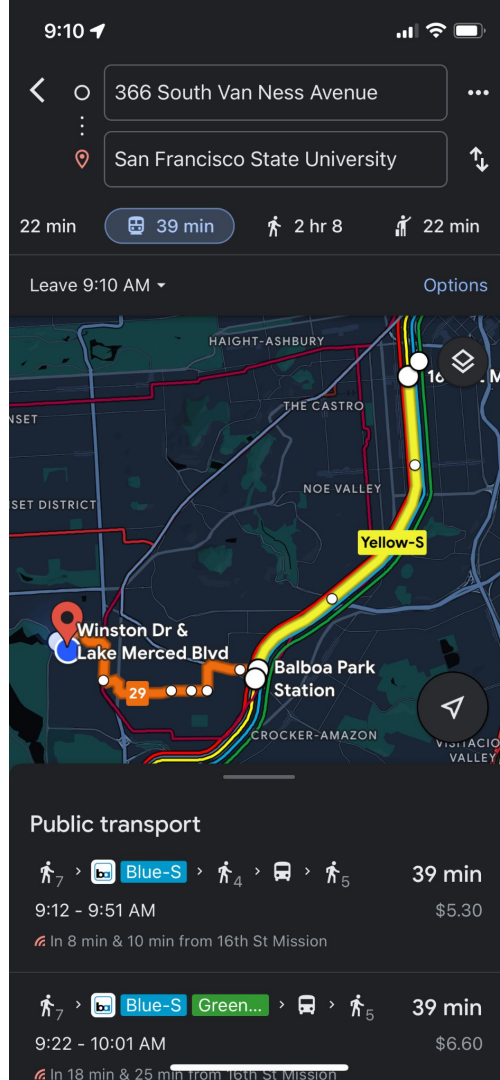

- Muni
- BART
- Caltrain
- SamTrans
- Golden Gate Transit
- AC Transit
- Ferries
- And more!

Conditions

- Activate your Gator Pass online before use (onecard.sfsu.edu).
- Gator Pass is valid everyday of the fall and spring semesters, but not during winter or summer break.
- You must be signed up for classes and pay all tuition/fees before your Gator Pass is activated for the semester.
- If you scan your card and it say “insufficient funds” it means you have not paid your tuition/fees or did not activate your Gator Pass.

How do I use public transportation?

The **Google Maps** or **Transit** apps on your phone will tell you different routes you can take and gives you an estimate on when the next transit will arrive.

Just hop on a transit, scan your OneCard, and ride!

Request your stop

Follow your route on your phone. When you see your stop approaching, request a stop by **pressing a stop request button** or **pulling the cord**.

Take transit anywhere you want!

(It doesn't just have to be to campus!)
